Golf Courses

Singapore

Due to the golf clubs's booking restrictions we will be able to confirm which course we play in Singapore later this year. However, we plan to play a round at either one of the Sentosa or Laguna National courses.

Malaysia

Els Ocean Course – Desaru Coast

The Ocean Course, designed by the club's namesake and four-time major champion, Ernie Els is set on one of the most spectacular plots of land anywhere in the world.

Overlooking the South China Sea the course can comprise of any two of the three (named Coast, Ridge and Lakes) 9-hole courses on-site offering unique variability. Each layout has their own character and personal touches from Els, but they all take inspiration from the famous links courses spread across the UK, with large rolling greens and firm run off areas designed to place a premium on a sharp short game.

Valley Course – Desaru Coast

The Valley Course, designed by three time major champion Vijay Singh is a completely different test compared to the Ocean Course.

The small greens and sharp undulations mean that approach play must be precise in order to prevail against the course.

The layout is as dramatic as you'll find anywhere in the world, Singh used the slopes on the property to perfection, creating a perfect mix of testing shots and vistas that will provide memories to last a lifetime.
