# Accommodation

## Fancourt

Nestled between the mountains and forests in the heart of the Garden Route, Fancourt Golf Resort offers luxury accommodation and features three Gary Player designed golf courses and a wellness centre. We will be playing on both the Outeniqua and Montagu. These fantastic Gary Player designed courses are traditional parkland set in gently undulating terrain. The practise facilities are second to none with a lovely range, bunker/chipping area and a practise green. The hotel's spa has an indoor heated Roman Bath as well as a leisure centre and an outdoor pool. In addition to the fantastic golf facilities other activities include tennis, running and walking trails.

## Buhala Lodge

Perfectly situated to experience the ultimate golf and safari experience Bulhala Lodge is located on the banks of the Crocodile River. Overlooking the Kruger National Park guests can experience wonderful close sightings of buffalo, elephant, hippo and various other antelope species. The other great attraction is the wonderful Leopard Creek golf course which is about 15 minutes drive from the lodge. Dinner and breakfast is included allowing guests to enjoy the best South African experience, great food, wine and hospitality.

## Royal Livingstone Hotel by Anantara

Set on the banks of the Zambezi within the Mosi-oa-Tunya National Park, Anantara Royal Livingstone is one of Africa's most iconic addresses, offering privileged access to the legendary Victoria Falls. Wake to the distant roar of "The Smoke That Thunders" as zebra graze on the lawns and the river flows quietly past. Refined, understated and beautifully positioned, residents enjoy complimentary unlimited access to Victoria Falls — just a short riverside stroll away.

# Golf Courses

## Montagu

Originally designed by Gary Player, Fancourt's Montagu course has developed into one of the finest 18-hole parkland layouts, earning it the number 6 position on Golf Digest SA's list of top golf courses in the country. Exquisitely conditioned to provide a riveting golfing experience, this tree-lined course covers large tracts of varying terrain on rolling land.

## Outeniqua

Ranked number 11 in South Africa by Golf Digest and designed by Gary Player. The course is named after the mountain range that forms its breath-taking backdrop. It is pristinely conditioned and always provides a true test of golfing with its many risk and reward.

## Leopard Creek

Ranked number 2 in South Africa by Golf Digest and designed by Gary Player this is, hands down, South Africa's best wildlife / safari golfing experience. The course actually borders the Kruger National Park, separated by nothing less than the carving crocodile river.

The course has recently been reopened following a refurbishment programme where no cost has been spared in creating one of the lushest and indeed finest playing surfaces in the country.

## Elephant Hills

Set along the banks of the Zambezi and just minutes from Victoria Falls, Elephant Hills Golf Club is an 18-hole championship course designed by Gary Player.

Wide fairways, mature trees and gently undulating terrain create an enjoyable yet strategic layout, with wildlife often seen roaming nearby. Scenic and relaxed, it offers one of Africa's most memorable golfing setting.
